## AlaskaOne.com Terms & Conditions

**Listings Subject to Approval:** We only approve placement on lists where the content of the website supports the list subject matter. For example, a bed and breakfast would generally not be allowed on a transportation list. However, you may purchase multiple lists if appropriate; for instance, if you are a bed and breakfast which also operates a charter fishing boat you may purchase links from either or both accommodations and activities lists. The accommodations, activities and transportation lists are reserved for travel operators selling their own products. If you book or sell products for other people, you will be considered for our travel planners lists.

**Contract Period:** The contract period for placement on a list is from the date you sign up for that list until the end of the current year. If you sign up mid year, you will only be charged for the months left in the current calendar year. You can add lists to your account throughout the year. The contract period for Gold Star placement is a minimum of three consecutive months. You may choose in advance the range of months to be featured as a Gold Star listing or you may sign up on a "until cancelled" basis.

**Contract Renewal:** Your contract will be automatically renewed for an additional year of advertising at the beginning of each calendar year unless you notify us of cancellation by January 31 of that year. You will receive an invoice in December of each year to remind you of this renewal period.

**Cancellation Policy:** Our prices are based upon a calendar year contract. Cancellation may only be accomplished by faxing a signed request to us. Should you cancel your account midway through the year, there will be a cancellation fee of the lesser of half the remaining commitment not to exceed three months.

**Money Back Guarantee:** Should you find that you are dissatisfied with our service within the first 30 days, you may request a no questions asked refund and terminate your account without penalty.

**Changes to This Policy:** We reserve the right to change terms, rates and conditions at any time without notification. Rates will not change for advertisers who have contracts with us until or unless the contract period has ended.

**Regarding Technology:** A wise person once said: "the only certainty about technology is that it will eventually fail". While our goal is to achieve 100% server uptime, 0% data loss, and excellent search engine rankings we cannot promise to deliver any of these things. Hardware performance, third party software veracity, and search engine algorithms are partially beyond our control. Additionally, viruses and piracy schemes abound upon today's Internet. Therefore, we cannot guarantee any particular level of uptime, security, rankings, or site traffic. We do pledge to take reasonable and prudent measures to safeguard our servers from potential security threats, as well as to promote search engine rankings to the best of our abilities.
